

## MANZANAR NATIONAL HISTORIC SITE (CA)

Fatima Khan was born in Pakistan and grew up on the east coast of the United States. She spent her youth climbing trees, riding bikes, and finding any excuse to be outside as much as possible. Books were her first best friends. She moved to Oklahoma and obtained a B.A. in Environmental Sustainability with a minor in English Literature from the University of Oklahoma. She has worked as both a research assistant, a teaching assistant,

and volunteered with grassroots environmental organizations on and off campus during her time in university. This is also the time that she fell in love with America's public lands. She is very excited to be a part of sharing the history and gravity of Manzanar National Historic Site.
