

## OFFICE OF PUBLIC HEALTH (DC)

Josh Hamburg was born and raised in Denver, Colorado and considers it one of the best places in the country to live. He is pursuing a master's degree in public health with a focus on environmental health at George Washington University in Washington DC. Josh graduated undergrad from Saint Louis University with a degree in business administration. He then went to work for two nonprofits focusing on social issues in Denver until he moved to the East Coast to pursue his graduate degree. Josh is an avid runner who loves nothing more than a sunrise run on the National Mall before anyone is awake, and more often than not you will find him at a donut shop soon after the run. Being a kid from Colorado Josh always had the dream of being a park ranger and now that he is working at the National Park Service in the Office of Public Health it is like a dream come true for him.
